---

Experience

Lead 3D artist (Hybrid Position)
Global Equity and Innovation Hub • Los Angeles, CA
09/2024 - Present (Project End)
- Tasked with 3D modeling the Auto Desk Technology Engagement Center that is being built within California State University Northridge.
- Worked with lead architects and contractors to provide better reference and exact dimensions for a better and more accurate 3D model.
- Used software like Maya. Substance Painter, Unreal Engine, Unity, Photoshop, Premier Pro, and After Effects to prepare the 3D model to be used within a virtual reality setting, thus allowing students from anywhere to tour and interact with the facility virtually.
- Worked with our design team and programming team to meet requirements, to ensure that the Virtual Building runs smoothly for use on our game engine.

Independent Financial Advisor
Stockton Hills • Los Angeles, CA
07/2021 - Present

- Works with clients to schedule meetings to present different investment strategies
- Utilize creative problem solving techniques to suit each investment or financial vehicle to a clients' unique financial needs
- Works individually or with a large team to assist clients

Lead Hard-Surface 3D artist (Remote Position)

Chronicles of Tobor Production Team• Los Angeles, CA

09/2022 - 09/2024 (Project End)
- 3D model various objects including props, characters, mechanical devices, and weapons in Maya.
- Create custom rigs or controllers for each object depending on how they were to be manipulated or used throughout the required scene.
- Edit the UV map of each object to create the necessary UV maps to apply textures.
- Create the textures in apps like Substance Painter to then apply to the modeled object.
- Animate each object to showcase the utilization and function of its key features.
- Prepare and export each object to be ready for use in Unreal Engine 4.

Solar Sales and Customer Service Lead

American Solar • Beverly Hills, CA

01/2021 - 04/2022
- Allocate the desired targeted demographic of homeowners to schedule meetings with Solar Technicians within their area
- Presents the pros of owning a solar powered home as opposed to owning a home that relies solely on the power grid

Server Manager

Tokai Sushi • Santa Clarita, CA

04/2020 - 01/2021
- Tend to multiple customers in order to ensure that any demands were met with quality and in a timely manner
- Worked daily with spreadsheets in order to calculate employee wages, tips, and even the profit of the entire restaurant
- Handling of cash and employee wages

Sales and Service Manager

Coupon Coin LLC • Sherman Oaks, CA

02/2019 - 09/2020
- Handling of customer paperwork to ensure that the correct and necessary information was present. Regularly used software to track orders and contact other departments to maintain a timely service. Handled priority phone calls and resolved customer issues effectively.
- Daily interactions with customers in person and over the phone, providing information on our products and top-notch customer service.
- Handling of cash and credit transactions efficiently, giving correct change and processing orders. Managed a large team of service representatives to maintain top quality customer experiences.
